LIVE LIFE: (Leader In Me)

The Leader in Me, a whole school transformation process has gone LIVE in SVIS. It teaches leadership and life skills to students and creates a culture of student empowerment based on the idea that every child can be a leader. Our school is not merely focused on improving test scores, but also provide opportunities for students to develop their full potential in other parameters like Leadership, Responsibility, Accountability, Problem Solving, Adaptability, Communication, Initiative and Self-Direction, Creativity, Cross-Cultural Skills and Teamwork. Classrooms are all decorated with the 7 Habits and Emotional Bank Account to inculcate the 7 habits in our Students.

‘SWACCTHA PAKHWADA’ (Sept-01st to Sept-15th)

Everyone must be his own scavenger. - M. K. Gandhi

On 2nd October, 2014, the Indian Prime Minister, Narendra Modi, launched a nation-wide cleanliness campaign on the occasion of Mahatma Gandhi's birth anniversary. The concept of Swachh Bharat is to provide sanitation facilities to every family, including toilets, solid and liquid waste disposal systems, village cleanliness, and safe and adequate drinking water supply.

We have to achieve this by 2019, as a befitting tribute to the Father of the Nation, Mahatma Gandhi, on his 150th birth anniversary.

Cleanliness is most important for physical well-being and a healthy environment. It has bearing on public and personal hygiene. It is essential for everyone to learn about cleanliness, hygiene, sanitation and the various diseases that are caused due to poor hygienic conditions.

Recognizing the vital role of the schools in spreading the swachhta awareness and implementation across the country, CBSE directed all schools to observe the Swachhta Pakhwada from September 1 to 15, 2018.

Under this directive, SVIS, Hyderabad enthusiastically organized various competitions, speeches, debates, quiz and other activities for the realization of the programme.

‘A clean India would be the best tribute... India could pay to Mahatma Gandhi

Keeping this mission in mind, during the week to celebrate Swachhta Pakhwada, all the students of the school were engaged in different activities. Special lectures were arranged for them in the morning assembly and during the regular periods.

The junior classes were engaged in demonstrating the activities like writing their own poems, showing the procedure of hand wash, painting competition etc. based on Swachh Bharat Abhiyan. The teachers were directed to sensitize the students in their classes about the importance of cleanliness of the surroundings. Debate Competition, Drawing and Painting Competition, Essay Writing competition and posting of awareness messages were the activities performed by the senior students. In the end the students took a pledge to maintain cleanliness and spread this message around.

Colour Day: Green – The Colour of Life

{Green is the color of nature and health. It represents growth, nature, money, fertility and safety. The color green is a relaxing color that is pleasing to the eye and is said to have healing powers. It is often used to represent anything that has to do with health.}

Green day was celebrated on 7th September, 2018 in an instructive way where the child learnt the importance of green color and the positive effects it has on our lives. The campus buzzed with a series of activities. Attractive charts and drawings were displayed on the bulletin boards depicting the green color at its best.

The shades of green filled the air with freshness, thrill, ecstasy and bliss. It also prompted to think how green color energizes and revitalizes our lives was indeed an invigorating, reviving and rejuvenating experience.....

Teachers Day Celebrations (5th Sept, 2018)

The birth date of the second President of India, Dr. Sarvepalli Radhakrishnan, 5 September 1888, has been celebrated as Teacher's Day since 1962. He was a philosopher, scholar, teacher, and politician and his dedicated work towards education made his birthday an important day in the history of India.

Teachers are an extremely important facet of any society for a number of reasons and their role in society is both significant and valuable. Teachers play an extraordinary part in the lives of children for the formative years of their development and the importance of teachers is something that cannot be understated.

The SVIS, Hyderabad celebrated Teachers Day on September 5th, 2018 to honor the contributions of the teachers in school. It was a special sweet surprise to all the teachers and the staff from our respected Principal Sir and Grade 10 students as they have kept the complete programme as a secret. No one in the campus knew whether the programmes are going to be held or not.

The students showed their gratitude to the teachers by putting up programmes in the school campus. As a regular practice of SVIS, the classes were taken by the Class 10 students who took up the role of their teachers for a day. Acting as teachers, they got a fair idea of the responsibility efficiently handled by their teachers. The day ended on a tone of gratitude, where each and every student felt the impact of their teachers in their life.

Term-I Assessment Examinations commenced from 25th September, 2018 and were closed on 1.10.2018.

Thank You
